

Marshall Community
Credit Union

February 22, 2019

Marshall Community Credit Union is pleased to announce its plans to expand into the Coldwater community in the Spring of 2019. The new branch will be located at 352 South Willowbrook Road (near the I-69/US 12 interchange and just off of Chicago Street).

After researching growth opportunities, Coldwater was found to be an excellent fit for an MCCU branch as we already serve many members in that area. Along with providing a more convenient level of service to those members, we will also have the opportunity to reach out to potential new members in a new market area that will help to better serve our membership as a whole.

Several of our team members call Coldwater home and are looking forward to bringing MCCU's mission of "Partnering with Members for financial success through service, solutions, and education" to their friends and neighbors. Kim Dwyer, one of MCCU's Senior Mortgage Loan Officers, will be returning to her hometown to lead business development and provide mortgage lending services to that community on a full-time basis. Brandee Pabian, who also resides in Coldwater, will be one of our Member Experience Specialists in the new location and will specialize in account opening and lending services. The two of them will be a great help in assuring a smooth transition in this growth opportunity.

MCCU is very excited about this new endeavor and looks forward to bringing our service and commitment to the greater Coldwater area.

Heather Luciani, CEO
